Unsolicited Job Offer

Description

Opportunity Awaits: Exceptional Talent Invited to Join to WGS Workgroup Solutions

WGS Workgroup Solutions GmbH is a privately held company based in the Frankfurt area (Germany) and founded in 2013. WGS provides engineering and consulting services to European companies and institutions in the space sector.

What do we offer?

With expertise in a broad range of areas, including System Engineering, Software Engineering, and Flight Dynamics, WGS offers technical consultancy, project management, on-site consultancy, scientific and operational software development, as well as values that prioritize commitment, passion, dedication, integrity, and fairness with people and customers.

If you're passionate about space-related and eager to showcase your expertise and skills in this field, an incredible opportunity might be on the horizon! Let's delve into what comes next.

Unsolicited Invitation

We're renowned for seeking exceptional individuals who bring innovation, dedication, and a unique flair to our team. Today, we are excited to extend an unsolicited job offer for the positions of **Data Processing Engineer**, **System IVV Engineer**, **Ground Stations Engineer**, **Mission Analysis and Flight Dynamics Software Engineer**, **Flight Dynamics Engineer**, **Data Processing Reprocessing Engineer**, **Configuration Management Engineer**, **Software Quality Assurance Engineer** to an outstanding professional who embodies our core values and vision.

How to submit an unsolicited application?

- Please review your contact details, which you will provide during the application process (via "Apply Now")
- Please provide your CV and motivation letter/cover letter, including the job title
- When attaching documents, please make sure to add only relevant and up-to-date documents

When the related positions open, we will connect you soon.

Contacts

Interested applicants should submit their CV, if possible, in **Europass** format and Motivation Letter/ Cover Letter by emailing the WGS recruitment team at **vacancies@workgroup-solutions.com**.
